

## New government framework launches multi-million pound AquaFund grant

The grant pays for and provides everything necessary for your organisation to make water and financial savings, without costing you a penny.

**Public Sector Organisations**  
Receive a Typical Grant of **£150k to £600K**

Your AquaFund grant can **reduce water usage and spend** by 30%

### Your Grant Pays for:

- ✓ Professional water audits and detailed technical surveys of all your sites
- ✓ Supply and installation of water saving equipment
- ✓ Supply and installation of AMR where applicable
- ✓ Fully managed water bureau and bill validation service
- ✓ Monthly monitoring and targeting reports, against benchmarks
- ✓ Dedicated team for investigation of water consumption anomalies and potential leaks
- ✓ Ongoing resources and technical expertise

### Public Sector Organisations Using AquaFund Have Saved:

Ealing Council saved	38%
Barts Health NHS saved	30%
University of Liverpool saved	20%

### Receive Your Grant in 3 Easy Steps

Contact us on  
**01753 833 880**  
to claim your share

Receive a **grant allocation number**

**Sign and return** the grant agreement

The grant is simple to access using **OJEU reference 2015/S 227-413650**

The AquaFund grant is covered by a new **public sector framework** agreement, and is administered by ADSM - consultants to government for over 20 years with an outstanding track record of identifying water and cost-saving opportunities.

Unlike investments undertaken by the your organisation, AquaFund pays for all the infrastructure, and will never charge you for this.
